David Zorn, executive director of the Genesee/Finger Lakes Regional Planning Council, has been named the new managing director of Finger Lakes Wired.

Zorn, of Brighton, has been a member of the Finger Lakes Wired board since it was established in 2006. He has been with the Regional Planning Council almost 14 years, and executive director for six of those.

He replaces Matthew Hurlbutt, who left earlier this year for a position at the economic development organization Greater Rochester Enterprise.

Zorn will continue to serve as planning council executive director.

Finger Lakes Wired is one of several programs around the nation that are part of the U.S. Labor Department's Workforce Innovation in Regional Economic Development Initiative, which uses federal funding for such aims as increasing entrepreneurship and work force development.
